CORRESPONDANCE:

1. BC Dept monthly report
 - Kristen Caperino gave her report including status of 1 business in town with a deficiency.
 - Melissa Presta read the reports provided by the County for Communicable Disease and Animal Control. It was determined that the Board does not need a monthly report from animal control unless there is an issue such as a animal bite.
 - Conversation ensued regarding the Wellness Report provided by the County. It was decided that it is a benefit to the Seniors to have the Consult at 2 locations moving forward. We can review numbers after to see.
2. Public Notice from Site Remediation Group – Block 1102. Lots 5&6

Member Rosenstein made a motion to file correspondence, seconded by Craig Froonjian and carried by a voice vote.

DISCUSSION ITEMS:

1. Health Consult
 - Already discussed with reports & decided on
2. Reminder of Blood Drive on March 14 – Melissa Presta alerted the board that the location may need to be changed since the heat is not working in the Senior Center.
3. AED/ CPR – Melissa Presta advised the board that she has spoken to the instructor & we are working on scheduling in late May once Counselors are decided on for Summer Camp. Conversation ensued on whether we want to add Narcan training to the CPR & AED. Board member Zuccaro mentioned that her husband is a coach & knows that with schedules, it's easier to go to 1 meeting for everything. Councilman Schoenberg felt that they are 2 separate items & should be separate. The board was unanimous in having them together since you already have the audience. Maybe offering people if they would like to stay after, they can. Kristen Caperino mentioned that she can get as many Narcan packs as we need. Councilman Schoenberg offered to get Melissa in contact with someone from Bergen Regional for Narcan training if needed.
4. Melissa Presta gave an update on licenses. Happy to report that pet licenses are coming in. Spreading the word has helped. Postcard to remind everyone maybe next year. Salon & business licenses are doing great – only about 5 that are not compliant, and Kristen was alerted of which ones.
5. Kristen & Melissa expressed the issue with Temporary Food Handling Permits. People aren't clear on when they are needed.
6. Flu Vaccine
 - In the process of scheduling for late September, early October. The clinic will be the Reg Flu, High dose Flu as well as Covid.
7. Mayors Wellness
 - The Registrar spoke on the annual program that the Borough hosts "Mayors Wellness Campaign" and asked the board to start thinking of ideas that maybe the Board can suggest having during the Campaign.
8. Melissa mentioned the Farmers Market is starting soon, asked if anyone knows of vendors that may be interested to please let her know.
