

July 29, 2020

This is an important update regarding COVID-19 cases in the Borough of Oradell.

A small number of young people in Oradell recently tested positive for COVID-19. These individuals will be notified by the County Department of Health for contact tracing. If you have tested positive, or have been in contact with someone who has please cooperate with the contact tracers and let them know where and whom you have been with.

Although the number of COVID-19 positive cases in Oradell, and New Jersey, remains low, we must continue our efforts to mitigate the impact of the COVID-19 pandemic.

We urge everyone to remain vigilant, continue to follow the proper protocols of wearing masks in public and at social gatherings, practicing physical distancing by staying at least 6 feet apart, and washing hands frequently.

A Borough-wide community effort will help to keep our families, friends, and neighbors safe and well.

Please help Oradell combat COVID-19 by sharing this message forward on personal social media pages, via email, text, and by calling neighbors.

Stay Well,
