FROM MAYOR DIANNE CAMELO DIDIO

Happy New Year Neighbors:

2020 Marks not only the start of a new decade, but the 100th anniversary of the ratification of the 19th Amendment to the Constitution which guarantees all American women the right to vote! As you peruse this calendar, enjoy the artwork of Oradell's youth which commemorates Oradell's history and its 125th birthday in 2019. Next year's artwork, for the 2021 calendar, will pay tribute to the women's suffragette movement which concluded with the ratification of the 19th Amendment. We look forward to the many events set forth in this calendar and encourage you to check the Borough's website (www.oradell.org) for updates. Please download the Burbio app and sign up for NIXLE, both of which provide real time updates concerning Oradell.

Best wishes,
Mayor Dianne Camelo Didio

BOROUGH FORM OF GOVERNMENT

The Borough is governed by a Mayor and Borough Council elected by voters. The Mayor is elected for a four year term. The duties include presiding at meetings of governing body, signing contracts, and appointing various Borough officials and members of boards and committees subject to Council confirmation. The Mayor votes in the event there is a tie.

There are six members of the Borough Council who are elected at large to serve staggered three years terms of office. The Council approves the annual budget, adopts ordinances and resolutions and determines policy. The council members serve as a chair of various committees and as members of assigned committees.

ADMINISTRATOR

The Administrator is appointed by the Mayor and Council. The Borough Administrator directs all Borough departments in accordance with policy directives as determined by the Mayor and Council. As the Chief Administrative Officer, the Administrator is responsible for the day to day operations of the Borough. Other job functions include serving as the purchasing agent, personnel officer, liaison with Federal, State and local agencies, and preparation of the annual budget and capital plan for review and approval by the Mayor and Council.

CHIEF FINANCIAL OFFICER

The Chief Financial Officer is a Certified Municipal Finance Officer as required by State law. The C.F.O. is responsible for all financial functions. DEPARTMENT of PUBLIC WORKS

The 17 employees of the Department of Public Works are responsible for the maintenance of roads, sewers, parks and playgrounds, shade trees, recycling and all Borough owned vehicles and equipment. The road crew is responsible for repairing and sweeping the 57 miles of Borough streets, maintaining street and traffic signs and Borough parking lots. The Borough storm drain system is also maintained by the road crew. Sanitary sewer lines, manholes and two pumping stations are also maintained by the DPW. All manholes and sewer lines are checked on a regular basis, and problem lines are cleaned as needed. **ANY RESIDENT EXPERIENCING A SEWER BACKUP SHOULD CALL THE DEPARTMENT TO DETERMINE IF THE PROBLEM IS IN THE BOROUGH SEWER LINE BEFORE CALLING AN OUTSIDE CONTRACTOR.** The DPW is only responsible for cleaning and maintaining Borough owned sewer mains, not individual service laterals.

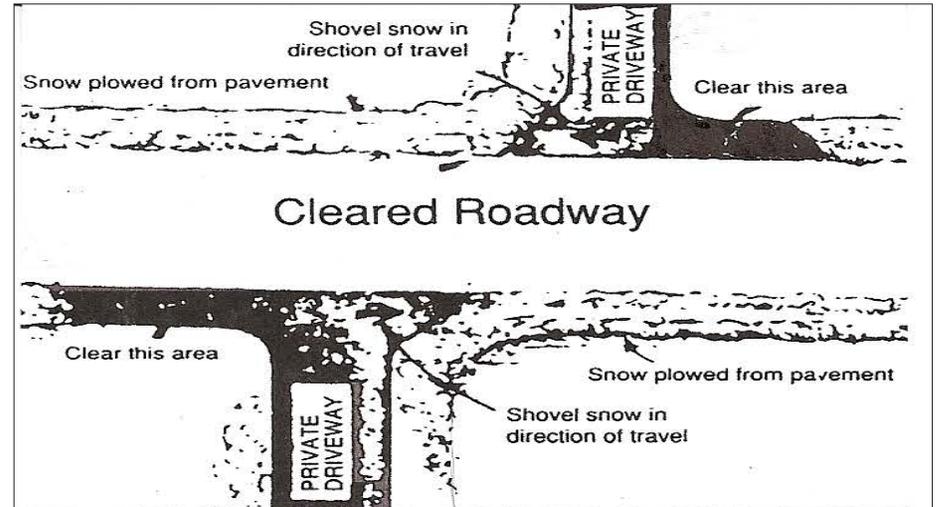

Eight ball fields and tree parks are mowed, cleaned, fertilized and kept free of insects and diseases. **To report fallen branches or trees, call the DPW at (201) 261-8610, Monday through Friday from 7:30 AM to 3:15 PM, or call the Police Department after normal working hours.** From mid-October to mid-December, the DPW picks up approximately 7,500 cubic yards of leaves and transports the leaves to an approved recycling depot.

Snow removal from Borough streets is a major function of the DPW. At the beginning of a storm, four salt spreaders are dispatched to salt main arteries and hills. When there is a 2 inch accumulation, ten plows and four salt spreaders are used to clear and de-ice streets. Under a contract with Bergen County, our DPW plows County roads in the Borough and is reimbursed for the cost of labor and materials. Residents can assist Borough snow removal operations by not parking on Borough streets during a snow storm. Residents are advised to remove basketball hoops from the right-of-way along the roadways. This may interfere with our plowing or leaf collection operations and the Borough will not be responsible for damages to these structures. Residents are responsible for removing snow from their sidewalks within 12 hours of daylight after it has fallen pursuant to Borough Code #224-1.

DON'T THROW SNOW ON THE STREETS

It's against Borough Code to shovel or plow snow in to the streets

The reason it is prohibited is because as the snow melts and refreezes, it causes icy spots which can cause accidents. During a snow storm, plows concentrate on keeping streets clear. **After the storm, the plows will return to widen and clear shoulders.** This can result in a freshly cleared driveway being filled with snow again. It won't happen, however, if you clear the driveway as shown in the diagram. If you make a small pocket next to your driveway any snow which has accumulated on the plow will fill the pocket instead of your driveway.

CODE ENFORCEMENT

The Code Enforcement Agency office serves as the central permit office for processing all the applications for construction in the Borough in accordance with the provisions of the New Jersey Uniform Construction Code.

The Construction Official serves as the Chief Administrator of the Code Enforcement Agency and is assisted by the technical assistant and the various sub-code officials who are responsible for the administration and enforcement of their respective sub-codes.

Enforcement of various codes is the department's primary responsibility. These include the International Construction Code, International Mechanical Code, National Standard Plumbing Code, the National Electrical Code and Uniformed Fire Code.

The Building Department enforces the Borough zoning ordinance in cooperation with the Health Department, and also enforces conditions imposed by the Board of Adjustment and the Planning Board. In addition, it acts as coordinating agency for the Bergen County Soil Conservation District and the County Planning and Economic Development Board in review of subdivisions and plans.

This office also issues permits and collects fees for filming permits, real estate sign permits, driveway, fence and sidewalk permits. Please call the Building Department regarding when permits are required and for any general questions at (201)261-8005.

The Children's World

The Library's Children's Department, known to all as the Junior Room, fosters a lifelong love of reading and library use, which is supported with a wide range of current materials and programs for children and Young Adults. Picture books, fiction, non-fiction, board books, audiobooks, DVDs, and graphic novels are just some of the ways we help to instill a love of learning in our young residents. We have special learning and play computers for our preschoolers, as well as a carousel of computers for our Young Adults in their own space. The Lions Club of Oradell has generously offered to donate \$15 for the purchase of a new book in honor of the birth of your child. Just come into the Library and fill out a registration card. We will purchase the book and put your baby's name on a bookplate in the front. Does your teen have spare time on his or her hands? Send them over to our TAB (Teen Advisory Board), which helps with programs and events for our younger residents. We offer exciting programs, contests, clubs and reading programs for Oradell's young residents.

RIVER DELL REGIONAL SCHOOL DISTRICT

The River Dell Regional School District was opened on September 1, 1956, and encompasses the two Boroughs of Oradell and River Edge serving students in grades 7 through 12. The total current enrollment is 1,577 students. The district operates two schools: River Dell Middle School on Woodland Avenue in River Edge (grades 7 & 8) and the River Dell Regional High School on Pyle Street in Oradell (grades 9, 10, 11, 12). The curriculum is structured so that grades 7 and 8 form a preparatory period for the ensuing four years during which the student follows a suggested curricular pattern based on his/her career interest and post-secondary plans, as well as the Core Curriculum Content Standards.

The high school offers a broad program including Honors and Advanced Placement programs, guidance and special educational services. An interdisciplinary approach with team teaching is featured in several middle and high school courses.

Students are grouped for instruction in academic subjects. A variety of methods and different approaches are utilized by a highly educated and experienced staff; computer assisted instruction, students tutoring other students and diagnostic-prescriptive teaching to help meet students' needs.

The River Dell Regional High School is a comprehensive high school which offers subjects that will prepare students to reach many different goals. River Dell sends approximately 95% of its students on to college; 88% of the class of 2015 was admitted to a four-year college. The average math score was 573 and the average reading score was 550.

ORADELL PUBLIC SCHOOL DISTRICT

The Oradell Public School District provides high quality educational services to children in Pre-K through sixth grade within a single school facility. It is the mission of the Board and faculty to inspire life-long learning in students through the development of comprehensive, innovative curricula and instruction. Programs are designed to maximize student potential, develop responsible citizens, and promote respect for the unique skills and talents of all individuals. To complement these efforts, the Oradell PTA and Oradell Kids Foundation implement mini-grant programs that provide a variety of special activities and programs for students. The district also works in collaboration with the River Edge and River Dell districts to craft common curricula and professional development in order to enhance educational continuity across all grade levels.

The Oradell School web site provides a wide variety of school and Board of Ed. Information, as well as a wealth of learning resources for children, teachers, and parents. The community is encouraged to log-on to www.oradellschool.org to catch a glimpse of school resources and operations.
