Resolution Supporting Bergen County's Oradell Avenue Bridge Local Concept Development Study

WHEREAS, Bergen County Structure No. 44A, carrying Oradell Avenue and spanning over the Hackensack River, was initially constructed circa 1904 with repairs performed in 1970 and 1995; and

WHEREAS, the office of the Bergen County Engineer determined that the subject bridge is in need of rehabilitation or replacement and, through a federally funded Local Concept Development (LCD) process administered by the North Jersey Transportation Planning Authority (NJTPA), has conducted a study to identify and evaluate viable and feasible alternatives to replace or rehabilitate the bridge; and

WHEREAS, the NJTPA and the New Jersey Department of Transportation (NJDOT) have been members of the study team with Bergen County; and

WHEREAS, the study team held two (2) stakeholder and two (2) public information sessions to inform interested parties and the general public and receive comments and input on the project; and

WHEREAS, the study team met with respective municipal representatives to inform them and receive comments and input on the project; and

WHEREAS, based on the alternatives analysis and the public and municipal comments, the study team's Preliminary Preferred Alternative, referred to as Alternative 3: Single Lane Temporary Bridge to the South, proposes complete replacement of the existing structure with a wider, single-span, multi-girder bridge, furnishing a 40' curb-to-curb width and 8' wide sidewalks, on essentially the same alignment as the existing bridge, minimizing impacts to adjacent properties and maintaining two lanes of vehicular traffic on Oradell Avenue and pedestrian access across the river during construction; and

WHEREAS, the County of Bergen, in coordination with the NJTPA and NJDOT, is desirous of completing the Local Concept Development phase and proceeding to the preliminary engineering and final design phases; and

WHEREAS, to qualify to receive federal funding for the preliminary engineering and final design phases, a resolution supporting the Preliminary Preferred Alternative from the Borough of Oradell is desired for inclusion within the Local Concept Development phase project documentation.

NOW, THEREFORE, BE IT RESOLVED, that the Borough Council of the Borough of Oradell, County of Bergen, State of New Jersey hereby supports the Preliminary Preferred Alternative, referred to as Alternative 3: Single Lane Temporary Bridge to the South, which proposes complete replacement of the existing structure with a wider, single-span, multi-girder bridge, furnishing a 40' curb-to-curb width and 8' wide sidewalks, on essentially the same alignment as the existing bridge, minimizing impacts to adjacent properties and maintaining two lanes of vehicular traffic on Oradell Avenue and pedestrian access across the river during construction; and
