**RESOLUTION SUPPORTING LEGISLATION AUTHORIZING THE USE OF  
DEVELOPMENT FEES TO HELP FUND LOCAL ALTERNATIVE  
TRANSPORTATION SYSTEMS**

**WHEREAS**, the State of New Jersey is, like much of the United States, heavily dependent upon the passenger automobile as a mode of transportation; and

**WHEREAS**, many areas of the State are experiencing development activities and pressures due to market forces and government policies; and

**WHEREAS**, among the impact of these development activities are increase automobile traffic, including but not limited to traffic congestion, air pollution, noise and costs for roadway construction and maintenance; and

**WHEREAS**, it is often impracticable and/or undesirable to mitigate these impacts by building new roads, widening existing roads, adding or changing traffic controls; and

**WHEREAS**, it is often impractical to reduce increased automobile traffic by locating and limiting development to areas that have convenient access to existing mass-transit facilities; and

**WHEREAS**, experience has shown that the expansion of mass transit facilities such as rail lines and stations, bus routes and stations, and forth is extremely difficult to achieve; and

**WHEREAS**, alternatives to increased automobile usage or traditional mass-transit facilities exist, including but not limited to park-and-ride lots, local jitney services and local shuttle services; and

**WHEREAS**, the creation and operation of such services is fairly costly, discouraging their funding solely from local property taxes; and

**WHEREAS**, it is reasonable that development activities that generate increased automobile traffic should assist in efforts to mitigate the impacts from such traffic; and

**WHEREAS**, the New Jersey Municipal Land Use Law ("MLUL") currently limits the ability of municipalities to impose contributions for off-tract improvements to street improvements and water, sewerage and drainage facilities, and easements therefor;

**NOW, THEREFORE, BE IT RESOLVED**, that the Borough of Oradell, respectfully urge the Legislature and the Governor to amend the MLUL to authorize the imposition of the pro rata contributions for improvements, in addition to street improvements, and programs, with appropriate guidelines, that would help mitigate the increased use of personal automobiles resulting from new development; and

**BE IT FURTHER RESOLVED**, that any such imposition of contribution should include contributions from improvements and programs should include, but not necessarily be limited to park-and ride facilities, jitney and shuttle facilities, and local bus shelters and stops; and

**BE IT FURTHER RESOLVED**, that copies of this resolution be forwarded to the President of New Jersey State Senate, the Speaker of the New Jersey General Assembly, all members of District 38, Commissioners of the New Jersey Department of Transportation, Commissioner of Department of Community Affairs and the Governor and Lieutenant Governor of New Jersey.
