WHEREAS the State designates police, fire, and sanitation as essential government services affording residents and visitors the right to a timely response by law enforcement, who will address an issue relating to public safety and respond; as well as the right to receive fire prevention and suppression services and the right to a clean community through sanitation services; and

WHEREAS, despite being an integral part of public health and safety, providing education, lifesaving skills and transportation, when needed, Emergency Medical Services (EMS) is not an essential government service in the State of New Jersey; and

WHEREAS, due to this oversight, municipalities are not legally mandated to afford their citizens and visitors with a licensed ambulance with certified Emergency Medical Technicians when a medical emergency arises; and

WHEREAS, a review of call volume reports in major municipalities reveals that individuals who live work and play in New Jersey are significantly more likely to need Emergency Medical Services than Fire Departments services due to the rapidly increasing EMS call volumes that have exceed pace with the fire service in recent years; and

WHEREAS, while fire and police agencies receive new fire trucks and patrol cars as well as up-to-date equipment, EMS agencies struggle with funding, dated equipment, and unmet demand for personal protective equipment for their employees; and

WHEREAS, these issues have been exacerbated by the escalating levels of infectious diseases entering the country; as the State has seen with SARS, Ebola, and most recently the Coronavirus pandemic, EMS agencies have been forced to adapt to changing circumstances despite being shorthanded; and

WHEREAS, when staffing has fallen short, many municipalities have been left scrambling to afford some level of emergency medical service for their citizens; and

WHEREAS, a legislative finding that EMS is an essential government service, coupled with the same statutory scheme found for both fire departments under NJS 40A:14-7 et seq and law enforcement agencies under NJS 40A 14-106 et seq will correct the present inequities between public safety agencies and otherwise ensure that those who live, work, and play in New Jersey receive equal access to emergency medical care.

NOW, THEREFORE, BE IT RESOLVED, the Borough of Oradell urges Governor Murphy and the Legislature to create legislation that would provide funding for, and establish Emergency Medical Services as Essential Government Services; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to the members of NJ General Assembly and the State Senate, the NJ Commissioner of Health, the Lieutenant Governor and the Governor of New Jersey.

WHEREAS, the State of New Jersey’s liquor license laws date back to the 1950s and 1960s; and

WHEREAS, under current law, a municipality may issue plenary retail consumption licenses until the combined total number in the municipality is fewer than one license for each 3,000 municipal residents and this restriction creates a shortage of these licenses in some municipalities; and

WHEREAS, the State of New Jersey’s liquor license laws has caused an extreme supply imbalance that the statewide average cost of an individual liquor license is \$300,000, an exorbitant amount causing an inequitable landscape among current and potential restaurateurs; and

WHEREAS, the restaurant liquor license standards of other states in the Northeast region enable restaurateurs to join the market at a significantly lower price point than the State of New Jersey, thus giving them a competitive advantage; and

WHEREAS, the COVID-19 pandemic has put additional burden on New Jersey’s small businesses, particularly the restaurant industry; and

WHEREAS, there is clear need to for reform as demonstrated by the numerous bills already introduced in the 2020-21 New Jersey Legislature session with the intent to expand liquor licensure, including but not limited to S2964/A4925, A1700, A1125/S2108, A1128/S2109, A2274/S1592, A725/S1712, S1315, A1955/S615, A1218; and

WHEREAS, we recognize the need to compensate existing license holders that paid exorbitant prices for the right to sell liquor in their restaurants; and

WHEREAS, the State of New Jersey should be a leader in reform initiatives that helps its small businesses survive and thrive, provides an equitable business environment, and enables New Jersey to better compete in the regional market; and

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Oradell that it supports meaningful liquor license reform legislation to create a more balanced liquor license market; and

BE IT FURTHER RESOLVED that the Clerk be and hereby is authorized to distribute copies of this Resolution to all appropriate officials and agencies including our Legislative Representatives, the Governor, the Lieutenant Governor and the New Jersey State League of Municipalities.
