Bergen County United Way/Madeline Housing Partners is collaborating with the Mayor and Council to build an approximate 5000 square foot residence on municipal land on Genther Avenue -a roughly 20,000 square foot lot.

The residence will be home to 7 individuals with intellectual and developmental disabilities such as Down Syndrome, MS, Cerebral Palsy, and Autism. The home will contain a 4 bedroom shared home, 1 two bedroom and 1 one bedroom independent living apartment.

The home will be similar in design and craftsmanship to recently completed projects done by Bergen County United Way/Madeline Housing Partners in Allendale, Glen Rock, Harrington Park, Mahwah, Montvale, Ramsey and Tenafly.

Next steps will be site plan presentation to the Borough's Planning Board expected to occur this spring.
