### **INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and Members of the Borough Council Borough of Oradell County of Bergen, New Jersey

### **Report on the Financial Statements**

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

We have audited the accompanying balance sheets – regulatory basis of the various funds and account group of the Borough of Oradell in the County of Bergen, as of December 31, 2021 and 2020, the related statement of operations and changes in fund balance – regulatory basis for the years then ended, and the related statement of revenues -regulatory basis and the statement of expenditures – regulatory basis of the various funds for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the accompanying financial statements referred to above do not present fairly the financial position of each fund of the Borough of Oradell as of December 31, 2021 and 2020, or changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") and Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough of Oradell, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion.

Honorable Mayor and Members of the Borough Council Page 2.

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of Oradell on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### Basis for Qualified Opinion on Regulatory Basis Accounting Principles

As described in Note 14 of the financial statement, the Borough participates in a Length of Service Award Program for its volunteer fire and rescue personnel. The amount reflected in the trust fund statements of \$1,768,512.68 and \$1,475,258.51 for 2021 and 2020, respectively, were not audited and, therefore, we express no opinion on the LOSAP program.

### Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the "*Basis for Qualified Opinion on Regulatory Basis Accounting Principles*" paragraph, the financial statements referred to above, present fairly, in all material respects, the regulatory basis balances sheets and account group as of December 31, 2021 and 2020, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2021 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Oradell's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and Members of the Borough Council Page 3.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue and auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Honorable Mayor and Members of the Borough Council Page 4.

### **Other Matters**

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Oradell's basic financial statements. The supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or any form of assurance thereon.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2022 on our consideration of the Borough of Oradell's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Oradell's internal control over financial reporting and compliance.

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the Borough of Oradell have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is an other comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

### A. <u>Reporting Entity</u>

The Borough of Oradell (the "Borough") operates under a Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Free Public Library, Volunteer Fire Department and the First Aid Squad which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

### NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

### B. Measurement Focus, Basis of Accounting and Basis of Presentation

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds and account groups:

<u>Current Fund</u> - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

<u>Trust Funds</u> - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

<u>Other Trust Fund</u> - This fund is established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

<u>Animal Control Trust Fund</u> - This fund is used to account for fees collected from dog licenses and expenditures which are regulated by NJS 4:19-15.11.

<u>Payroll Fund</u> - Receipts and disbursements of payroll withholding that the Borough collects on the behalf of various agencies as their agents.

<u>Emergency Services Volunteer Length of Service Award Program</u> - This fund is used to account for the cumulative amount of each participant's length of service awards, including any income, gains, losses, or increases or decreases in market value attributable to the investment of the participant's length of service awards.

<u>General Capital Fund</u> - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

<u>Public Assistance Fund</u> - This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes. Effective August 9, 2011, the Borough transferred the financial and operational responsibility for the administration of general public assistance to the Bergen County Board of Social Services.

<u>General Fixed Asset Account Group</u> - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

### **Basis of Accounting**

A modified accrual basis of accounting is followed by the Borough of Oradell. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one guarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on the 11<sup>th</sup> day of the 11<sup>th</sup> month in the fiscal year levied, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

### NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

### **Basis of Accounting**, (continued)

<u>Miscellaneous Revenues</u> - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

<u>Grant Revenues</u> - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

<u>Budgets and Budgetary Accounting</u> - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the current fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund Trust Fund Public Assistance Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. Several budget transfers were approved by the governing body.

During 2021 the Borough Council increased the original Current Fund budget by \$420,000.00. The increase was funded by a \$390,000.00 Special Emergency for Tropical Storm Ida and \$30,000.00 of additional aid allotted the Borough.

### NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

### **Basis of Accounting**, (continued)

<u>Expenditures</u> - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

<u>Encumbrances</u> - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

<u>Appropriation Reserves</u> - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Compensated Absences</u> - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. The Borough does not compensate for accumulated unused vacation and sick days. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

<u>Property Acquired for Taxes</u> - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

<u>Inventories</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

### NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

### **Basis of Accounting**, (continued)

<u>Cash and Investments</u> - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1(a).

<u>Deferred Charges to Future Taxation Funded and Unfunded</u> - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

<u>General Fixed Assets</u> - The Borough of Oradell has developed a fixed assets accounting and reporting system as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

### NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

### **Basis of Accounting**, (continued)

<u>Use of Estimates</u> - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

<u>Comparative Data</u> - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements and notes to financial statements because their inclusion would make certain statements and notes unduly complex and difficult to understand.

### Impact of Recently Issued Accounting Principles

There were no recently Issued Accounting Pronouncements that were adopted by the Borough during 2021.

### C. <u>Basic Financial Statements</u>

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

### NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

### <u>Cash</u>

### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statute 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2021, \$-0- of the Borough's bank balance of \$10,185,150.25 was exposed to custodial credit risk.

### NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS, (continued)

### **Investments**

### **Investment Rate Risk**

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statute 40A:5-15.1(a) limits the length of time for most investments to 397 days.

### Credit Risk

New Jersey Statute 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are: Bonds of the United States of America, bonds or other obligations of the towns, or bonds or other obligations of the local unit or units within which the town is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

### **Concentration of Credit Risk**

The Borough places no limit on the amount the Borough may invest in any one issuer.

### **Unaudited Investments**

As more fully described in Note 14, the Borough has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et. seq. except that all investments are retained in the name of the Borough. All investments are valued at fair value. In accordance with NJAC 5:30-14.37, the investments are maintained by Variable Annuity Life Insurance Company, which is an authorized provider approved by the Division of Local Government Services. The balance in the account on December 31, 2021 and 2020 amounted to \$1,719,106.58 and \$1,431,543.41, respectively.

The following investments represent 5% or more of the total invested with Variable Annuity Life Insurance Company on December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Fixed Income	\$179,006.30	\$145,191.83

The Local Bond Law governs the issuance of bonds and notes to finance capital expenditures. General obligation bonds have been issued for the general capital fund. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

The Borough's debt is summarized as follows:

### NOTE 4. BOND ANTICIPATION NOTES

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

On December 31, 2021, the Borough had \$6,818,800.00 in outstanding general capital bond anticipation notes, \$5,478,800.00 maturing on April 1, 2022 at an interest rate of 2.00% and \$134,000.00 maturing on April 1, 2022 at an interest rate of .345%. These notes were renewed for one year maturing on March 31, 2023 at an interest rate of 3.00%.

The following activity related to bond anticipation notes occurred during the calendar year ended December 31, 2021.

## NOTE 7. <u>PENSION PLANS</u>

### Description of Plans:

Borough employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employees' Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS); or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

### Public Employees' Retirement System (PERS)

### Plan Description

The State of New Jersey Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at <u>www.state.nj.us/treasury/pensions/annrpts.shtml</u>.

## NOTE 7. <u>PENSION PLANS</u>, (continued)

## Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

Tier		Definition		

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

### Police and Firemens' Retirement System (PFRS)

## Plan Description

The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the "Division"). For additional information about the PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at <u>www.state.nj.us/treasury/pensions/annrpts.shtml.</u>

### NOTE 7. <u>PENSION PLANS</u>, (continued)

### **Benefits** Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for disability benefits, which vest after 4 years of service. The following represents the membership tiers for PFRS:

<u>Tier</u> Definition	

1 Members who were enrolled prior to May 22, 2010

2 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011

3 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (Tiers 1 and 2 members) and 60% (Tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

### Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

### NOTE 7. <u>PENSION PLANS</u>, (continued)

### Defined Contribution Retirement Program, (continued)

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

#### Significant Legislation

On March 17, 2009, the legislative of the State of New Jersey enacted Public Laws 2009, c.19(S-21) the "Pension Deferral Program". This law allows the Division of Pensions and Benefits to provide non-state government pension employers the option of paying their full amount, or an amount that reflects a 50 percent reduction of the normal and accrued liability component of the Public Employees' Retirement System and/or the Police and Firemen's Retirement System obligation for payment due to the State Fiscal Year ending June 30, 2009. The amount deferred will be repaid starting in April 2012 over a 15-year period at 8-1/4 percent. The amount will fluctuate based on pension system investment earnings on the deferred amount. The local employer is allowed to payoff the obligation at any time prior to April 2012. The Borough of Oradell opted for this deferral in the amount of \$289,512.00.

Of this amount, \$66,013.00 represents the Public Employees' Retirement System deferral and \$223,499.00 represents the Police and Firemens' Retirement System deferral. The outstanding balance at December 31, 2021 for PERS is \$18,522.00 and PFRS is \$66,035.00. The principal amounts that are due in 2022 are \$7,562.00 for PERS and \$24,842.00 for PFRS.

### Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012 and 8.5% for PFRS, which increased to 10% in October 2011, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

### NOTE 7. <u>PENSION PLANS</u>, (continued)

The Borough's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	PERS	<u>PFRS</u>	<u>DCRP</u>
2021	\$348,695.00	\$872,900.00	\$6,381.51
2020	298,233.00	766,399.00	4,697.83
2019	286,187.00	709,639.00	6,510.77

Statement No's 68 and 71 require a state or local government employer to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. However, since the financial statements are prepared on another comprehensive basis of accounting, the net pension liability of the various pension systems is not recorded in the financial statements and is only required to be disclosed in the notes to the financial statements.

The following pension information is as of June 30, 2020 which is the latest information available. This information is eighteen months prior to December 31, 2021. GASB Statement No. 68 requires that the information be no more than twelve months prior to the employees fiscal year end. No modification of the Independent Auditor's Report is being made since The Division of Local Government Services, Department of Community Affairs, State of New Jersey, is permitting the regulatory basis statements of Municipal, County and Library's to be issued with unmodified opinion's until such time current pension information is available.

## <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and</u> <u>Deferred Inflows of Resources Related to Pensions</u>

### Public Employees Retirement System (PERS)

At December 31, 2020, the Borough had a liability of \$5,197,958 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2020, the Borough's proportion was .0318748699 percent, which was an increase of .0012149199 percent from its proportion measured as of June 30, 2019.

#### **Actuarial Assumptions**

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00-6.00% (based on years of service)
Thereafter	3.00-7.00% (based on years of service)
Investment Rate of Return	7.00 Percent

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### **Mortality Rates**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis.

#### Public Employees Retirement System (PERS), (continued)

#### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	<u>Rate of Return</u>
U.S. Equity	27.00%	7.71%

### Public Employees Retirement System (PERS), (continued)

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

### Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 - percentage point lower or 1- percentage-point higher than the current rate:

		June 30, 2020	
	1%	At Current	1%
	Decrease	Discount Rate	Increase

#### Police and Firemen's Retirement System (PFRS)

At December 31, 2020, the Borough had a liability of \$10,096,056 for its proportionate share of the PFRS net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2020, the Borough's proportion was .0781348705 percent, which was an increase of .0022620895 percent from its proportion measured as of June 30, 2019.

For the year ended December 31, 2020, the Borough recognized pension expense of \$766,399. At December 31, 2020, deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

#### Actuarial Assumptions

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through all Future Years	3.25-15.25% (based on years of service)
Investment Rate of Return	7.00%

### **Mortality Rates**

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

#### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of June 30, 2020 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Market Equity	13.50%	8.57%

## **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

## Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 - percentage point lower or 1- percentage-point higher than the current rate:

#### **Special Funding Situation - PFRS**

Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2020 and 2019, the State proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$1,566,862 and \$1,466,147, respectively. For the years ended December 31, 2020 and 2019, the pension system has determined the State's proportionate share of the pension expense attributable to the Borough for the PFRS special funding situation is \$177,572 and \$170,354, respectively, which is more than the actual contributions the State made on behalf of the Borough of \$120,569 and \$98,788, respectively. The State's proportionate share attributable to the Borough was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Borough's financial statements.

#### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS). The financial report may be accessed at www.state.nj.us/treasury/pensions.

### NOTE 8. OTHER POST EMPLOYMENT BENEFITS (OPEB)

In addition to the pension described in Note 7, the Borough provides post employment health care benefits as part of the State Health Benefits Local Government Retired Employments Plan.

#### **General Information about the OPEB Plan**

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a costsharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at https://www.state.nj.us/treasury/pensions/financialreports.shtml.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employees elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

### NOTE 8. <u>OTHER POST EMPLOYMENT BENEFITS (OPEB)</u>, (continued)

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provides they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

### **Total OPEB Liability**

The following other postemployment benefit information is as of June 30, 2020 which is the latest information available. This information is eighteen months prior to December 31, 2021. GASB Statement No. 75 requires that the information be no more than twelve months prior to the employer's fiscal year end. No modification of the Independent Auditor's Report is being made since the Division of Local Government Services, Department of Community Affairs, State of New Jersey, is permitting the regulatory basis financial statements of Municipal, County and Library's to be issued with unmodified opinion's until such time current other postemployment benefit information is available.

At December 31, 2020, the Borough had a liability of \$17,912,155 for its proportionate share of the non-special funding net OPEB liability. The net OPEB liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Borough's proportion of the net OPEB liability was based on a projection of the Borough's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers a in the plan. At June 30, 2020 the Borough's proportion was .0998080000 percent.

#### NOTE 8. <u>OTHER POST EMPLOYMENT BENEFITS (OPEB)</u>, (continued)

For the year ended December 31, 2021, the Borough recognized OPEB expense of \$382,283. At December 31, 2020, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference between expected and actual experience Changes of assumptions	\$471,792 2,679,095	\$3,335,577 3,983,387
Net difference between projected and actual earnings on OPEB plan investments	11,375	
Changes in proportion and differences between the Borough's contributions and proportionate share of contributions	1,151,662	1,719,202
Total	\$4,313,924	<u>\$9,038,166</u>

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB (excluding changes in proportion) will be recognized in OPEB expense as follows:

Year ended June 30:	
2021	\$(962,868)
2022	(963,741)
2023	(965,152)
2024	(966,441)
2025	(658,990)
Thereafter	360,490

#### **Changes in Proportion**

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 7.87, 8.05, 8.14 and 8.04 years for 2020, 2019, 2018 and 2017 amounts, respectively.

### **NOTE 8.** <u>**OTHER POST EMPLOYMENT BENEFITS (OPEB)**</u>, (continued)

#### **Actual Assumptions and Other Inputs**

The total OPEB liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation rate	2.50%	
Salary increases*:		
Public Employees' Retirement System (PERS)		
Initial fiscal year applied		
Rate through 2026	2.00% to 6.00%	
Rate thereafter	3.00% to 7.00%	
Police and Firemen's Retirement System (PFRS)		
Rate for all future years	3.25% to 15.25%	
Mortality:		
PERS	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020	
PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020	

\* Salary increases are based on years of service within the respective plan.

100% of active members are considered to participate in the Plan upon retirement.

#### **Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% longterm trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53% respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.00% and decreases to a 4.5% long-term trend rate after seven years.

### NOTE 8. <u>OTHER POST EMPLOYMENT BENEFITS (OPEB)</u>, (continued)

#### **Discount** Rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less that the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the net OPEB liability as of June 30, 2020 as well as what the Borough's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

### NOTE 13. LEASES

The Borough is leasing a police vehicle under a three year lease. The balance remaining at December 31, 2021 was \$18,054.63. The lease has a bargain purchase option at the end of the lease term for \$1.00, where the title changes from the lessor to the Borough.

Principal and interest payments are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	<u>\$18,054.63</u>	<u>\$1,189.83</u>	<u>\$19,244.46</u>

## NOTE 14. <u>EMERGENCY SERVICES VOLUNTEER LENGTH OF SERVICE AWARD PLAN</u> (LOSAP)

On January 1, 2001, the Division of Local Government Services approved the Borough's LOSAP plan, provided by Variable Annuity Life Insurance Company (VALIC). The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

VALIC will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The Borough of Oradell has elected to contribute \$1,324.70 and \$1,300.00 for 2021 and 2020, respectively, per eligible volunteer into the Plan.

## NOTE 14. <u>EMERGENCY SERVICES VOLUNTEER LENGTH OF SERVICE AWARD PLAN</u> (LOSAP), (continued)

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

We have reviewed the plan for the year ended December 31, 2021 in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Standards for Accounting and Review Services.

### NOTE 15. <u>RISK MANAGEMENT</u>

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. During the 2021 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The Borough of Oradell is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of Oradell is a member of the Bergen County Municipal Joint Insurance Fund and Municipal Excess Liability Joint Insurance Fund. These funds are both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a. Workers' Compensation and Employer's Liability
- b. Liability Other Than Motor Vehicles
- c. Property Damage Other Than Motor Vehicles
- d. Motor Vehicle

## NOTE 15. <u>RISK MANAGEMENT</u>, (continued)

The Municipal Excess Liability Joint Insurance Fund also offers Public Officials' Liability Coverage.

Members of the Bergen County Municipal Joint Insurance Fund are also members of the Municipal Excess Liability Joint Insurance Fund which provides excess insurance for each of the coverages noted above, except for excess property coverage which is purchased by the Bergen County Municipal Joint Insurance Fund from a commercial carrier.

As a member of these Funds, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

These Funds can declare and distribute dividends to members upon approval of the State of New Jersey Department of Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

<u>New Jersey Unemployment Compensation Insurance</u> - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

### NOTE 16. <u>COMMITMENTS AND CONTINGENT LIABILITIES</u>

We are advised by the Borough Counsel that the Borough is not involved in any litigation that would materially affect the financial statements.

## NOTE 17. OTHER MATTERS

On March 9, 2020, Governor Phil Murphy signed Executive Order No. 103 that declared a State of Emergency and Public Health Emergency across all 21 counties in New Jersey in response to address the novel coronavirus (COVID-19) outbreak. At the time of this report, the State of Emergency and Public Health Emergency remains in effect. In efforts to reduce the spread of the virus, many companies and organizations have either reduced staff or closed down, thus creating a potential financial dilemma among many of the taxpayers of the Borough of Oradell. The Borough has identified several risks as a result of this pandemic, including a possible delay in collection of real estate taxes and cash flow shortages as the result of these delayed collection and increased health emergency costs associated with the pandemic from FEMA and/or the Federal CARES Act funding provided to the State or County Governments.

On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 into effect. This plan, among other things, provides direct federal funding to aid county and municipal governments to help offset revenue losses, cover increased costs incurred during the coronavirus pandemic response and to make necessary investments in water, sewer or broadband infrastructure. The amount of federal aid available to the Borough of Oradell is \$851,060.02 which will be available for use until December 31, 2024. This amount will be distributed to the Borough in two installments. The first installment of \$425,530.01 was received in 2021 and the balance is to be received in 2022.

In addition, during 2020 and 2021 revenues of the Borough were not materially affected.

## NOTE 18: <u>SUBSEQUENT EVENT</u>

The Borough has evaluated subsequent events through May 31, 2022, the date which the financial statements were available to be issued and no items were noted for disclosure.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of Oradell Oradell, NJ 07649

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, the financial statements-regulatory basis of the Borough of Oradell in the County of Bergen as of and for the year ended December 31, 2021 and the related notes to the financial statements, and have issued our report thereon dated May 31, 2022, which was adverse due to being presented in accordance with New Jersey regulatory basis of accounting.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements-regulatory basis, we considered the Borough of Oradell's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Oradell's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Oradell's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Mayor and Members of the Borough Council Page 2.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We did identify certain immaterial deficiencies in internal control that we have reported to management of the Borough of Oradell in the accompany comments and recommendations section of this report.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough of Oradell's financial statementsregulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of Oradell in the accompanying comments and recommendations section of this report.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Oradell internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Oradell internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

#### GENERAL COMMENTS

Effective April 17, 2000 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 (as amended) is \$17,500. On July 1, 2020, the amount with a qualified purchasing agent was increased to \$44,000.

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors' formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations."

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

2021 Road Program Prospect Ave NJDOT Phase I and II Disposal of Leaves and Vegetative Waste

Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed.

#### GENERAL COMMENTS, (continued)

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

#### **COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS**

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 5, 2021 adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the Borough Council of the Borough of Oradell in the County of Bergen and State of New Jersey, that interest will be charged at the rate of eight per cent (8%) per annum on the first \$1,500.00 of delinquent taxes, assessments and borough charges, and at the rate of eighteen per cent (18%) on any taxes, assessments and borough charges in excess of that amount, except that if payment is made during the first ten days of February, May, August, or November the payment of taxes shall not be considered delinquent.

BE IT FURTHER RESOLVED that if the office of the Collector of Taxes is closed on the tenth day of February, May, August, or November, then the period of payment of taxes shall be extended to include the first business day thereafter.

BE IT FURTHER RESOLVED that the interest rate, as aforesaid, shall be from the first day of any current quarter unless the taxes for the same quarter are paid as provided by law or during the first ten days of the second month of the quarter as herein provided.

BE IT FURTHER RESOLVED that a charge of five dollars (\$5.00) will be made for the issuance of duplicate tax bills."

It appears from examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

#### **DELINQUENT TAXES AND TAX TITLE LIENS**

The last tax sale was held on October 25, 2021 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	Number of Liens
2021	3
2020	3
2019	3

#### **GENERAL COMMENTS**, (continued)

#### School Taxes Payable

The amount due to the Local and Regional School Districts, as of December 31, 2021, were verified by the school secretaries.

#### Revenue

Receipts from licenses, fees, permits, etc., for all departments including the Municipal Court, were checked to the extent deemed appropriate to the records maintained.

#### **Expenditures**

In connection with the expenditures, vouchers were examined to the extent deemed necessary to determine that the vouchers carried properly executed certifications as required by the statute.

An examination was made of the employees' compensation records to determine that salaries were paid in conformity with amounts of salaries and wages authorized in the ordinance.

#### Other

The analysis of General Capital Fund cash includes cash deficits for ordinances over 5 years old and there are balances on the Schedule of Deferred Charges to Future Taxation - Unfunded over 5 years old where the project has been completed. No recommendation is being made as the Borough is in the process of funding these ordinances through budget appropriations.

The summary or synopsis of the 2021 Audit Report was published as required by N.J.S.A. 40A:5-7.

The records of the Free Public Library will be audited by our office and a separate audit report will be filed with the Library Board of Trustees.
